Experience

Svaapta IT Ally Solutions <i>Software Developer Intern</i>	Jan 2026 – Present <i>Vadodara, Gujarat</i>
--	--

- Worked as a Software Developer Intern on live client projects, developing and maintaining modern web applications in a collaborative Agile environment.
- Collaborated with developers and QA teams to implement new features, resolve issues, and maintain code quality using Git and GitHub.

Projects

KhetMitra – Smart Agriculture Platform	Live Demo — GitHub Repository
---	---

- Developed a full-stack agriculture management platform connecting landowners and managers for efficient farmland utilization.
- Built RESTful backend APIs and managed application data with MongoDB; implemented role-based dashboards and authentication for multiple user types.
- Designed a responsive frontend using React.js and Tailwind CSS.

Bike Booster – Bike Parts Marketplace	GitHub Repository
--	-----------------------------------

- Developed a full-stack marketplace platform for buying and selling bike parts and accessories, with backend functionality and WhatsApp-based buyer-seller communication.
- Designed responsive UI components for improved user experience.

Cricks11	GitHub Repository
-----------------	-----------------------------------

- Designed and developed responsive user interfaces for a fantasy cricket platform.

Education

Sardar Vallabhbhai Patel Institute of Technology <i>Master of Computer Applications (MCA)</i>	Aug 2024 – Present <i>Anand, Gujarat</i>
